

THE PRESIDENTIAL RECORD ON LIFE

President George H.W. Bush 1989-1993

"Since 1973, there have been about 20 million abortions. This a tragedy of shattering proportions."

"The Supreme Court's decision in Roe v. Wade was wrongly decided and should be overturned."

-President George H.W. Bush

- The Bush Administration urged the Supreme Court to overturn *Roe v. Wade* and allow states to pass laws to protect unborn children, stating "protection of innocent human life -- in or out of the womb -- is certainly the most compelling interest that a State can advance."
- President Bush opposed the "Freedom of Choice Act," a bill which, he said, "would impose on all 50 states an unprecedented regime of abortion on demand, going well beyond *Roe v. Wade*." The President pledged, "It will not become law as long as I am President of the United States."
- President Bush vowed, "I will veto any legislation that weakens current law or existing regulations" pertaining to abortion. He vetoed 10 bills that contained pro-abortion provisions, including four appropriations bills which allowed for taxpayer funding of abortion.
- President Bush vetoed U.S. funding of the UNFPA, citing the agency's participation in the management of China's forced abortion program.
- President Bush strongly defended the "Mexico City Policy," which cut off U.S. foreign aid funds to private organizations that performed and promoted abortion overseas. Three separate legal challenges to the policy by pro-abortion organizations were defeated by the Administration in federal courts.
- President Bush prohibited 4,000 federally funded family planning clinics from counseling and referring for abortions.
- President Bush steadfastly refused to fund research that encouraged or depended on abortion, including transplantation of tissues harvested from aborted babies.
- The Bush Administration prohibited personal importation of the French abortion pill, RU-486.
- The Bush Administration prohibited the performance of abortion on U.S. military bases, except to save the mother's life and fought Congressional attempts to reverse this policy.
