

“Autos for Life” Keeps Rolling AND Issues a Challenge!

The generosity of pro-lifers is truly a blessing! This has been witnessed again by the outpouring of support for National Right to Life's "Autos for Life" vehicle donation program. We have received everything from luxury cars to boats and RVs, and continue to receive more each month!

As our supporters know, this is a very crucial time in the pro-life movement! Our educational efforts have had a major impact in the reduction of abortions each year, and we believe that through education we will continue to see those numbers decline even more.

But we can't do it without your help! We are issuing a challenge to all those in the pro-life movement to help us achieve our goal of 30 vehicles per month through the end of the year.

The vehicles can be any age, and can be anywhere in the country! We've had vehicles donated from California to New Jersey, and all vehicle donations are fully tax deductible for the ENTIRE SALE AMOUNT!

This is a win-win program that requires just a minimum of effort on your part. All that we need is a description of the vehicle (miles, vehicle identification number (VIN#), condition, the good, the bad, etc.) along with a few pictures (digital photos sent by e-mail preferred, but other formats work as well) and we take care of the rest! You don't have to bring the vehicle anywhere, or do anything with it, and the buyer picks the vehicle up directly at your convenience!

We are asking for your help in meeting this goal, and ask that if you or someone you know has a vehicle to donate, please contact David N. O'Steen, Jr., at (202) 626-8823 or dojr@nrlc.org.

Thirty vehicles a month is a very achievable goal, and we're counting on your continued generosity to make it happen! Please contact us today, and let's keep it rolling!
